

# Updating a Page URL / Slug

Page "slugs" are the page name in the URL.

To update the URL or slug, it's easiest to use the "Quick Edit" link on the Page listing.

Mouseover the page title, click on "Quick Edit" update the Slug, and click on "Update," as shown here:

The screenshot displays the WordPress Pages management interface. On the left is a sidebar menu with 'All Pages' highlighted in a red box. The main content area shows a list of pages under the heading 'Pages'. The page '2018 Oklahoma Recycling Conference — Private' is selected, and its 'Quick Edit' form is open below the list. In this form, the 'Slug' field, containing '2018-oklahoma-recycling-conference', is circled in green. The 'Update' button at the bottom right of the form is also circled in green. Other fields in the form include Title, Date, Author, Parent, Order, Allow Comments, and Status.
